

Mobility Aids Held in the Hall

Over the years the village hall has collected several mobility aids which are available for use by villagers on a short term loan basis. These come with no guarantee of safety or fitness for use although as hall manger I have checked them over. They are not intended to replace Red Cross or local health service aids but might satisfy a need for a few days in an emergency or until more professional assistance can be obtained. Here are some photographs of the items.

Wheel Chair Folded and erected.

Rolator?
